YOU'RE INVITED!

WHAT: Church-School Partnership Workshop
WHERE: Agape Community Bible Church
12320 Beechnut St, Houston 77072
WHEN: Wednesday, November 9, 10:00AM-1:00M
WHO: Pastors, Ministers, Church Staff, Lay Leaders in Alief ISD
COST: FREE (Lunch is included)

So many challenges are present in our local schools (poverty, hunger, literacy, homelessness), and a school partnership gives churches an opportunity to address these and many other needs. Coming alongside educators and parents who are working hard to provide the best for their children can speak volumes to your community. Together, with your service and your support, we can build strong children that will positively impact the community for generations to come.

Loving Houston is providing a workshop to equip churches to serve schools in the Alief District. This workshop will provide attendees with the foundational principles behind starting or expanding a partnership, a step-by- step Action Plan for getting started, and Best Practices so that churches can serve schools with excellence.

If every school in Alief ISD had a committed church partner with volunteers supporting students, teachers, and parents, what a difference that could make in the lives of our children. Come see how your church can serve in our schools!

It will cost you nothing to learn, and our children have everything to gain from your participation in this venture!
