# Teachers & Staff

## *Tips for Schools:*

- Inform staff that the church partner is a part of the school community and is coming alongside them to offer support.

- Create volunteer descriptions so that staff and volunteers are clear about guidelines and expectations.

## *Tips for Churches:*

- Create a budget for teacher support for the year.

- Include personal messages to build relationships.  
Remember: "being with" is better than "doing for".

- Invite the congregation to get involved through prayer, preparing treats, writing notes, etc.

- Use Loving Houston's toolkits: [lovinghouston.net/toolkits](http://lovinghouston.net/toolkits).
