

SCHOOL ACTION PLAN

Answer the following questions prior to meeting with a potential church partner. This will help your school to clarify your purpose and set realistic goals for your partnership.

1. ORGANIZATIONAL ASSESSMENT

How is our school currently engaging community partners (and specifically faith-based partners)?

Who will be our school “champion” to take the lead on our community partnerships? Who else in the school should be on the partnership team?

What are our school goals in general? For our community partnerships?

Based on our school’s goals and current structure/bandwidth, what partnership activities are feasible and will have the most impact this year?

2. VOLUNTEER EXPECTATIONS

When will we need volunteers, e.g. during the school day, in the evenings, on weekends?

What skills and gifts will my volunteers need to have?

What are our district/campus guidelines regarding COVID-19? What are some COVID-safe opportunities volunteers can help with?
